To get to the CRM from the Vila Universitària walk to the CRM following the directions on the web page <http://www.crm.cat/General/LocationEng.htm>

To get to the CRM from Barcelona (from downtown Barcelona)

- **Barcelona – CRM (Bellaterra)**

From Plaça Catalunya, there are two train services to the university, run by Ferrocarrils de la Generalitat de Catalunya **(FGC)**  and **RENFE** , although the latter only runs during school working days (i.e., not weekends, holidays or during vacation time). Note that they leave from entirely separate stations underneath the Pl. Catalunya and so if you arrive from the airport by the RENFE train and wish to go on to the CRM by the FGC then you will need to leave the station, cross the square towards La Rambla, then look for the  signs. (If you wish to take a RENFE train to the UAB then you will not even need to change platforms.)

(FGC) : Take a S2 Sabadell or S55 U. Autònoma train to the “Universitat Autònoma station”, if you are going straight to the CRM, or “Bellaterra station” if you are going to the Vila Universitària. Trains depart approximately every 12 minutes between 5:15 am and 11:50 pm (every 20 minutes on weekends and holidays) and take 33 minutes. Price: 1,85 € (2 zones’s ticket), although one can buy a 10 journey, called T10, 2 zones’s ticket for 13,80 € if you plan to make several trips to Barcelona. For more information visit www.fgc.net

(RENFE) : On school days (i.e. not weekends, holidays or vacations), take a train from Plaça Catalunya to Cerdanyola UAB. Trains leave every 30 minutes from 7:34 am to 8:41 pm. Duration 25-30 minutes. Price 1,35 € (2 zones’s ticket). For more information visit www.renfe.es. From the Cerdanyola UAB station one can take a free university bus (marked UAB) to most campus locations or walk to the CRM (less than one kilometre away). NOTE: During school holidays and weekends there is no bus service from the train station to the Campus so this option is not advisable then.
