Abstract

Barcsyn is about bringing together researchers from computational, systems and cognitive neuroscience. Our goal is to provide a forum for lively discussion and promote active collaboration between Barcelona-based research groups, especially between theorists and experimentalists.

This is the third annual Barcsyn conference. The conference will be held on Monday and Tuesday, the 16th and 17th of June at the Institute d'Estudis Catalans. Each day we will have 8-10 brief oral presentations from local researchers, a poster session and a longer keynote lecture from a renowned researcher from abroad. You can check the past editions [here](#).
